YORK HOTEL SINGAPORE COMPLETES SOFT ROOMS REFURBISHMENT

Existing interior furnishings have been enhanced with new carpeting, feature wall design and overhead LED lighting features. Additional power sockets have also been installed throughout the rooms.

Singapore, September 18, 2017 – York Hotel Singapore has completed soft refurbishment for 91 guestrooms and lift foyers of the Annexe block which was part of the S\$1 million phase one renovation project. The rooms and lift foyers underwent aesthetic enhancements in May 2017 as part of the hotel’s efforts to present a contemporary and modern accommodation for our guests.

YORK HOTEL

SINGAPORE

With guest experience as the key focus, the walls were enlivened with sophisticated pastel colour wallcoverings, while the foyer of each room is complemented with warm brown tone hard flooring which makes an excellent contrast to the new wallcoverings and existing furnishings. The rooms now exude a modern and elegant appearance while the spaciousness of the rooms adds a lighter feel.

In addition, as part of the hotel's continuous effort to reduce electricity consumption without compromising the comfort of our guests, all lights were replaced and fitted with light-emitting diode (LED) lights which are highly eco-friendly. To enhance the brightness of the rooms, additional lights above the bedhead were added. Notably, the lift foyers were decked in earth tone leather wall coverings and carpeting which lend the area a more inviting and welcoming ambiance.

To cater to the accommodation needs of today's evolving travellers; additional universal power sockets with USB ports have been installed at strategic locations for greater convenience. This allows guest to plug in any USB powered electronic devices without the use of a charger.

Jessie Tan, General Manager of York Hotel Singapore, commented: "The soft refurbishment underscores the hotel's commitment in keeping up with the competition in today's hotel industry. It is essential to keep our hotel up to standard, fresh and technologically aligned, and in order to make this happen, we must embrace the changing demands of today's discerning and more independently minded travellers who seek simple pleasures and easy efficiencies. On top of our prime location in Orchard Road, the hotel hopes to offer a fresher atmosphere and higher standards of service to our guests through this upgrade."
